 - Executing a monthly hardware analysis for purchase from Vendors.
 - Mobile Access Network, Dubai Region. [March 2016 – Jan. 2017]
 - Managed Microwave Migration to GPON Project.
 - Managed Indoor to Outdoor Conversion Project.
 - Etisalat Clean-up Project, Central Engineering. [Oct. 2015 – Feb. 2016]
 - Project Manager for the Clean-up PJT “**Strategic Goal**”.
 - Settled Etisalat Standard for all sites Topologies.
 - Followed the process of standardization for all Etisalat sites.
 - Followed a created Whitelist for standard sites along with Operation.
 - Acting as Capacity Planning Engineer, Dubai Region. [Dec. 2014 – Oct. 2015]
 - Coordinated Materials requests against Dashboard Master Plan.
 - Followed materials inbound to Etisalat Warehouses, coordinating with Northern Emirates and Abu Dhabi.
 - Monitored the materials status and specifications required to fulfill Network Planning requirements.
 - Controlled Dubai Telecom Warehouses.
 - Mobile Access Network, Dubai Region. [Sep. 2014 – Oct. 2015]
 - Followed Network expansions in North Dubai and **Burj Khalifa** Area “Huawei Area”.
 - Followed Huawei SRC implant for **Burj Khalifa**.
 - Followed Huawei **Modernization** progress and performance.
 - Getting familiar with **FTTM** and **FTTH** nodes and Technologies.
-
- **BSS Engineer, Etisalat Misr, Egypt.** [Aug. 2011 – Aug. 2014]
 - Telecom Deployment, B2B Project: [Feb. 2014 – Aug. 2014]
 - Deployed Microwave or Pre-WiMAX Connections for High Value Customers.
 - Deployed Pre-WiMAX Connections for Wi-Fi Project.
 - Reported Dashboard Activities including Daily, Weekly and Monthly Reports.
 - Followed Order Cycle through Etisalat process.
 - Followed Links Implementation, Acceptance, Activation and Customer Testing Phases.
 - In-House Project: [Aug. 2011 – Jan 2014]
 - Reported all telecom activities done with local In-House teams.
 - Reduce Cost Target Orientation.
 - Follow up and enhancing In-House teams’ qualifications.
 - Follow up Sub-Contractors teams working in field remotely and on-site.

- 3G Projects – Outside Cairo (Delta and Alex): [Oct. 2012 – Jan. 2014]
 - Perform all 3G activities in Delta and Alex Regions.
 - Worked on Enhancing the SQI and Quality Index of In-House Teams.
 - Created XML Files for Huawei 3G Sites.
- Transmission Projects– Cairo: [April 2012 – Oct. 2012]
 - Migrated Huawei 3G Sites from MPGRP to Ethernet (Iub/IP).
 - Performed Quality visits on Ericsson actions (New Link, Link Protection and XPIC Cutovers).
- 3G Projects– Cairo: [Aug. 2011 – April 2012]
 - Participate in RRU Expansion, New Site and 6th Sector Projects on Huawei 3G NodeB.
 - Followed up Sub-contractors and local In-House teams.
 - Integrated new sites on DBS3900 Huawei NodeB.

- **WRAN Project Engineer, NEC Networks and System Integration Corporation, NESIC Egypt.** [Sep. 2009 – Aug. 2011]
- Vodafone 2nd license Project: [May 2011 – Aug. 2011]
 - Backed up expansion teams finishing installation and routes on 75-ohm transmission.
 - Swap Ericsson 2G/3G or both sites to Huawei DBS3900.
- Etisalat Misr 3rd license Project: [Sep. 2009 – May 2011]
 - Co-ordinated tasks and assignments between 5 teams in 3G expansion project, in Delta, remotely and on-site.
 - Perform routes on Huawei RTN and NEC NEO and V4 links (120-ohm transmission).
 - Install microwave links with different configurations, settings, and do their cutovers.
 - Swap Huawei 3G NodeB BTS3812 and DBS3800 with DBS3900.
 - Solve bad KPI cases on 3G/2G on-air sites.
 - Perform RF installation for new 3G/2G sites.
- Telecom Egypt, WiMAX:
 - Installed indoor and outdoor WiMAX system for Huawei cabinet.
 - Installed Huawei GPS system.

EDUCATION

- B.Sc. Electrical Engineering, Communication and Electronics Department, Faculty of Engineering, Mansoura University, Egypt. [Spring 2009]
 - **Graduation Project:**
 - Software Simulation and Hardware Implementation of Multi-User Code Division Multiple Access (**CDMA**) using Direct Sequence Spread Spectrum (**DS-SS**).
 - Grade: Distinction.
- Project Management Professional (**PMP**). [July 2016]

INTERNSHIPS

- Orange Business Services, France Telecom, Egypt. [July 2008]
 - Was a member of Service Delivery Management (**SDM**) Nordics and Greece.
 - Managed new, change, and upgrade requests.
- Mentor Graphics Egypt, Synthesis team. [August 2007]
 - Trained on **ASIC**, **FPGA**, and **VHDL**.
 - Trained on UNIX systems.
- Orange Business Services, France Telecom, Egypt. [June 2007]
 - Was a member of Change and Release Management Team (**CRM** Cairo).
 - Checked huge networks, DPN's, Passports running on ATM or Frame Relay technologies.
 - Migrated Point of Presence equipment.

PROFESSIONAL SKILLS

- Certified as a Project Management Professional (**PMP**).
- Preparing for **SCRUM**.
- Excellent knowledge of Huawei RTN 620 and 950 links.
- Very Good knowledge of NEC NEO and V4 links.

- Very Good knowledge of **Proxim** Links (5054, 8200 and 8250).
 - Extensive knowledge of Huawei 3G BTS3812, DBS3800 and DBS3900, including Scripts creation.
 - Very Good knowledge of Huawei 2G BTS3900 and BTS3012.
 - Practically trained on Cisco Routers and Switches on Cisco Certified Associate (**CCNA**).
 - Practically trained on RedHat Certified Engineer (**RHCE**) track.
 - Certified as RedHat Certified Technician (**RHCT**).
 - Went through Microsoft Certified System Engineer (**MCSE2003**) training and labs.
-

LANGUAGES

- Arabic: Mother Tongue.
 - English: Fluent Spoken and Written
"IELTS General Overall Score = 7"
-

PERSONAL SKILLS

- Very Good communications and presentation skills.
 - Hard team worker, Keen to learn, and Creative.
 - Accurate, Analytical, Honest and Tolerant.
 - Certified of "Neuro Conditioning Dynamic Diploma" (Canadian Training Center).
 - Certified of "The Power of Self Confidence Program" (Canadian Training Center).
 - Certified of Basic Soft Skills Program (Zedny Team).
-

EXTRACURRICULAR ACTIVITIES AND AWARDS

- Working as a freelancer **iOS Developer**.
 - Developed "**Currency in Egypt**", "**VPN Up**" and "**MAC Vendors / Pro**" mobile apps.
 - Participated in **One Million Arab Coders** Initiative – Android Track.
 - Member of Institute of Electrical and Electronics Engineers (**IEEE**), Communications Society.
 - Member of Project Management Institute (**PMI**), with ID 4587688.
 - Founder and Moderator of "Target" Team at the Faculty of Engineering, Mansoura University, Egypt.
 - Moderated the participant team in **Robocon** contest 2009.
 - "Best Idea" Award in **Robocon** contest 2007.
 - Volunteered managing Dr. Ibrahim El-Fiky's camps and workshops, Mansoura, Egypt 2006.
 - Volunteered teaching **RedHat** and **IBM** Linux courses for over 200 under and post-graduate students.
 - Volunteer instructor for 150 under-graduate students teaching Human Development tracks.
-

HOBBIES AND SPORTS

- Hand Ball team player, under 17 years, El Ahly Club.
 - Kung Foo Player, under 21 years, Egyptian Sports Union.
 - Practicing Running and Swimming.
 - Interested in Travelling, Reading, and Social work.
 - Performing Freelancer duties on SEO techniques, iOS Coding and Data Entry.
-

PERSONAL DATA

- Date of Birth: January 25th, 1987.
 - Military Service: Exempted.
